

Demand UPMC in Pittsburgh Continue Saving Trans Lives: Rally Chants!

Trans Protest Chants:

No erasure, no despair—
Trans folk are everywhere!

Politicians, look alive—
Let trans kids be free and thrive!

Your fear is loud, but we are louder,
You'll regret this, you're a coward!

We're not silent, we're not weak—
It's just healthcare that we seek!

First they came for young trans lives
This is how your freedom dies!

You don't know, you don't care
No denying trans youth healthcare!

Pre-compliance is a scam—
Follow science, no more shams!

You call it law, we know it's war,
We won't take these attacks no more!

No compliance, no retreat,
We will march in every street!

Trans strong, trans free,
There is no we without the T!
